

Accessibility Statement

This website is designed and operated by The Opportunity Group. We are a talent development consultancy with the ability to design and deliver apprenticeships. We create lifelong learning opportunities for the people and organisations we work with.

The purpose of our website is to provide an accessible platform for people to get to know us better and the work we do. We would like everyone to be able to use our website.

For example, you should be able to:

- Change colours, contrast levels and fonts
- Zoom in up to 300% without the text spilling off the screen
- Navigate most of the website using just a keyboard
- Navigate most of the website using speech recognition software
- Listen to most of the website using a screen reader (including the most recent versions of JAWS, NVDA and Voiceover)

We've also made the website text as simple as possible to understand. [AbilityNet](#) (Which opens in a new window) has advice on making your device easier to use if you have a disability.

Our aim is for you to be able to navigate and use our website in the format that works best for you. If any part of the website is not accessible or you need the information in a different format, like accessible PDF or large print, please email hello@theopportunity.global. We will come back to your request in 3 working days.

We are big fans of feedback, if there is anything we can do to improve the accessibility of this website please contact us at hello@theopportunity.global.

We run frequent accessibility checks on the website and the last one was completed in August 2022.
